

Thamarrurr

Development Corporation

Our Mission

“To develop all commercial opportunities on behalf of the clan members throughout the Region to advance our key aims of providing local jobs for local people and, in the long term, ensuring every child has a chance of a full life”.

New Orange Sky Services in Town

We were very excited to receive two new orange sky units this week. One unit is another truck that will be based in Wadeye and the second unit is a static pod that has been set up at the resource centre in Palumpa.

A massive thanks to NIAA , Orange Sky and to our team for coordinating the grants, purchasing , logistics and installation of the new units. A big shout out to WDRC and Palumpa store for helping out with the Palumpa installation.

Gift Ideas at PWAC Arts Centre

The PWAC ladies have been busy making bags and tea towels in the lead up to Christmas. These are available for sale at the women’s centre all next week. The centre will be closed from the 18th December to the 2nd January , so get in quick.

NIAA Visit CDP Sites in Wadeye

Jimmy and Robyn from NIAA were in Wadeye this week doing CDP site visits. The duo took some time to look at the Mi Patha takeaway while in town, and everybody is getting excited to see the facility back up and running. The repairs and refurb is expected to be completed by mid to late February 2024.

Congratulations to Greg Munar

A huge congratulations to Greg Munar for being nominated the Aboriginal Liaison Officer of the year. This is a fantastic achievement and recognition of Greg’s commitment to his role.

A big shout out also to Senior Sergeant Erica Gibson , who has been a passionate advocate for the Aboriginal Liaison Officers and a big support to the officers on their journey to success.

Thank you Vincent and Honorata

Vincent and Honorata have been busy in Darwin supporting CAAPS Homelessness Outreach Team, CM&C Connect, and Larrakia Nation Aboriginal Corporation , reaching out to people sleeping rough in Darwin and surrounds. Together, they are providing essential support to rough sleepers, encouraging returns home, and fostering partnerships to extend the 'Going Home Project' to remote regions.

High Flying Shed on Docherty

The Docherty Island project ramped up this week, with a helicopter lift taking all the materials onto the island to be erected on site.

There is a lot of activity taking place on the island as the Nganbe family gears up for their enterprise development. A massive thank you to Adrian for all of his efforts in organising the grant and shed, Mark Crocombe, Joel Kennedy, Sam Sparks and the H&C Team for squeezing this job in before it gets to wet.

Gearing Up for Plum Processing

We were very excited to see the Kakadu Plum processing unit arrive in our Darwin shed this week. TDC is supporting the Northern Australia Aboriginal Kakadu Plum Alliance Cooperative to gear up for a processing plant to take the industry to the next level.

Palumpa Centre Gets a Makeover

The team at Palumpa have been really busy painting the internal walls at the resource centre, in preparation for some beautiful wall paintings. #GoTeam#

Wesley Miler Makes the News

Wesley and the Housing and Construction Team got a well deserved plug on ABC News recently, as the housing new build project at Nillinh Two draws to an end.

The team have done an amazing job at delivering on this project, under extremely tough conditions.

If you haven't been down to see the new subdivision, pop down and have a look. The new houses and fences look awesome. [Photos ABC News – Click Here](#)

Thamarrurr Youth Bike Track

The TY Team have been busy getting the bike track ready for up and coming events.

From 11am on the 19th of December, they will be hosting a community mountain bike race. The location of the track will be unveiled in the coming weeks before the race.

The race will be during school holidays. We encourage all kids under the age of 18 to come along and race! Of course the track will remain open for people of any age to go down and have a ride whenever they please.

The bike project equipment (bikes, storage cages and excavator) are funded by the Stronger Communities for Children program (SCfC). The on going program coordination is funded by Community Development Program (CDP). #GreatWorkThamarrurrYouth#
