Aged Care Test Out New Wheels

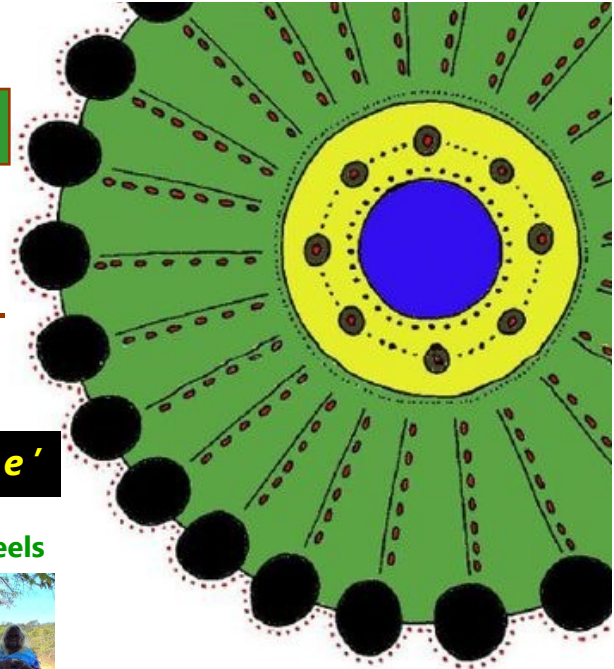

The Aged care ladies have been testing out the new Aged Care van, enjoying going on outings in the community, and out on country to collect palm and colour to continue weaving.

On Sunday the ladies went out to the beach for picnic lunch and collected bushtucker to cook on the fire. They all came back to the Aged Care facility and enjoyed turtle eggs!

Thank you to Bec and the team who take such good care of the Elder ladies, improving the quality of their lives #GodBless#

Young Fellas Learn New Skills

The Young Fellas from Thamarrurr Youth have been spending some time with the Old Fellas in the Men's Shed, learning to use the woodwork tools and equipment.

Thank you to Joe, David and the team for taking the time to work with the TY lads. The Men's Shed is open for all Men as a safe space to connect, do art, woodwork and a range of other activities that focus on Mental Health.

COMMUNITY CABINET MEETINGS IN WADEYE, PALUMPA AND PEPPIMINARTI

Next week we will have the pleasure of Welcoming our Ministers from the Northern Territory Government in Community.

The Ministers will be in Wadeye on Monday and Peppi and Palumpa on Tuesday.

Public Meeting on Crime

Kardu Diminin called a public meeting on Tuesday to bring everyone together to reflect on the recent crime wave. In the past weeks, a number of community assets were set on fire, with one fire resulting in the destruction of the Trade Training Centre.

Jake Clark from KDC wrote after the meeting "The important message I got from today was people want to work together to change Wadeye for the better. It was requested that people speak to their respective families on the situation. The message also was - "Don't just leave it here, we've got to take it home and take action".

Some of the other key messages included:

- How important it is that we all work together and respect each other.
- The work that non-local people do is important and appreciated.
- The negative impact of crime and lawlessness affects everybody and is frightening people away.
- Everybody wants Wadeye to be a good place to live and work.

A big thank you to all the brave people who got up and spoke, it was awesome to see so many people with strong voices.

We thank Kardu Diminin for organising this meeting and thank everybody that attended. The number of attendees was a wonderful display of community support.

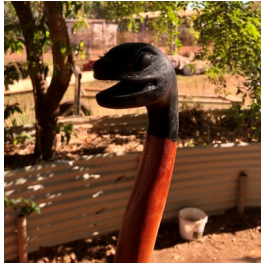

A Special Gift for A Special Lady

The Men's Shed gifted this special hand made walking aid to Majella Chula this week and she is over the moon.

It is deadly to see so many quality products being made in the Men's shed, and it's even more special when the products brighten up the days of our Elderly people.
